## ROB FAST FREIGHT TRAIN OF \$50,000 COLTED SILK

**Dozen Bandits Load Booty on Motor Trucks and Escape Toward Buffalo.**

BEAUFORT, N. Y., April 14.—A dozen bandits held up a New York Central fast freight train at Sanborn, nine miles east of North Tonawanda, early today, stripped several cars of bolted silk, valued at \$50,000, and sped away in automobile trucks upon which they had loaded their plunder. The upholders were armed with repeating rifles and automatic pistols and fired several shots at the crew. No one was injured.  
A posse of detectives, mounted police and patrolmen from this city, Niagara Falls and Tonawanda were at the scene shortly after the hold-up, but to a late hour this forenoon no arrests had been made. When last seen the robbers were headed toward this city.  
After forcing the engine crew to uncouple the locomotive and run it a short distance down the tracks, the engine and three other members of the train crew were lined up against a box car and placed under guard of a single bandit while the others looted the merchandise cars. Four five-ton automobile trucks were in waiting and were quickly loaded with the booty.  
Engineer Goss of Syracuse escaped the guard and, running a fusillade of shots, reached his engine in safety. He made a record run into Suspension Bridge, eight miles away, and gave the alarm.  
Police and armed citizens were hurried to the scene, but the robbers had made good their escape. The robbery was the most daring of its kind that has ever occurred in this section of the country and the amount of plunder far exceeds in value the proceeds of any other freight train robbery in the history of eastern railroading.
